### Emergencies

If you have a power cut, please call your local network operator on 08000 72 72 82.

### Meter readings

If we don't read your meter, we estimate the reading to use on your bill. Normally our calculations are very accurate and you don't need to do anything except pay your bill in the usual way. We suggest you check our calculations with the reading on your meter and phone us if there is a big difference.

### VAT at the lower rate

If you pay lower-rate VAT, you must tell us about any change in your circumstances which affects your eligibility or you could be liable to a penalty under the 1994 Value Added Tax Act.

### Climate Change Levy

For information about the Climate Change Levy, please contact the Climate Change Levy Helpdesk, 3rd Floor West, Ralli Quays, 3 Stanley Street, Salford M60 9LA.

### When you move

Remember to phone us with your meter reading when you move. If you move without telling us, you may be billed for electricity or gas used by the next occupier.
